Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of each major governmental fund, and the aggregate remaining fund information of the Fort Smith School District #100 (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's regulatory basis financial statements as listed in the table of contents.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective regulatory basis financial position of each major governmental fund and the aggregate remaining fund information of the Fort Smith School District #100, as of June 30, 2022, and the respective regulatory basis changes in financial position thereof and the respective regulatory basis budgetary comparison for the general and special revenue funds for the year then ended in accordance with the financial reporting provisions of Arkansas Code Annotated § 10-4-413(c) as provided by Act 2201 of 2005 described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Fort Smith School District #100, as of June 30, 2022, or the changes in financial position for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fort Smith Public School District #100 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statements, the financial statements are prepared by the District on the basis of the financial reporting provisions of Arkansas Code Annotated § 10-4-413(c) as provided in Act 2201 of 2005, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of Arkansas. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Arkansas Code Annotated § 10-4-413(c) as provided in Act 2201 of 2005, as described in Note 1, to meet the requirements of the State of Arkansas. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently know information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's regulatory basis financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the Schedule of Expenditures of State Awards, are presented for the purposes of additional analysis and are not a required part of the regulatory basis financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the regulatory basis financial statements. The information has been subjected to the auditing procedures applied in the audit of the regulatory basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the regulatory basis financial statements or to the regulatory basis financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules are fairly stated, in all material respects, in relation to the regulatory basis financial statements as a whole.

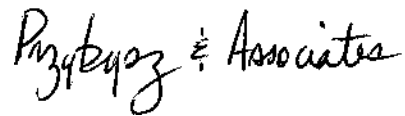

Other Information

Management is responsible for the other information included in the report. The other information comprises the Schedule of Capital Assets and the school lunch information but does not include the regulatory basis financial statements, supplementary information, and our auditor's report thereon. Our opinions on the regulatory basis financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the regulatory basis financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the regulatory basis financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2022, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

FORT SMITH SCHOOL DISTRICT #100

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022

1. Summary of Significant Accounting Policies

a. Financial Reporting Entity

The Fort Smith School District #100 (the District) is a political subdivision of the Arkansas Department of Education, governed by an elected seven-member school board. The statements reflect all funds and accounts directly under the control of the District. Using the criteria of financial accountability, there are no component units that should be included in the District's reporting entity.

b. Measurement Focus and Basis of Accounting

The financial statements are prepared in accordance with a regulatory basis of accounting (RBA), which is an Other Comprehensive Basis of Accounting (OCBOA). This basis of accounting is prescribed by Arkansas Code Annotated 10-4-413(c), and requires that financial statements be presented on a fund basis with, as a minimum, the general fund and special revenue fund presented separately and all other funds included in the audit presented in the aggregate. The law also stipulates that the financial statements consist of a balance sheet; a statement of revenues, expenditures, and changes in fund balances; a comparison of the final adopted budget to the actual expenditures for the general fund and special revenue funds of the entity; notes to the financial statements; and a supplemental schedule of capital assets, including land, buildings, and equipment. The law further stipulates that the State Board of Education shall promulgate the rules necessary to administer the regulatory basis of presentation.

The RBA is not in accordance with generally accepted accounting principles (GAAP). GAAP requires that basic financial statements present government-wide financial statements. Additionally, GAAP requires the following major concepts: Managements Discussion and Analysis, accrual basis of accounting for government-wide financial statements, including depreciation expense, modified accrual basis of accounting for fund financial statements, separate financial statements for fiduciary fund types and other requirements for fiduciary fund types, separate identification of special and extraordinary items, inclusion of capital assets and debt in the financial statements, inclusion of the net pension liability in the financial statements, specific procedures for the identification of major governmental funds and applicable note disclosures. The RBA does not require government-wide financial statements or the previously identified concepts.

The accompanying financial statements are presented on a fund basis. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts, which are segregated for purposes of recording specific activities or attaining certain objectives. Major governmental fund are defined as general and special revenue, and such funds are presented separately in the financial statements. All other governmental funds are presented in the aggregate. Fiduciary fund types are presented in a separate column in the Balance Sheet - Regulatory Basis. Revenues are reported by major sources and expenditures are reported by major function. Other transactions, which are not reported as revenues or expenditures, are reported as other financing sources and uses. Transactions related to the recording of installment contracts and financed purchases are reported as other financing sources. Changes in private-purpose trust funds will be reflected in the notes to the financial statements.

1. Summary of Significant Accounting Policies (continued)

c. Description of Funds

Major governmental funds (per the regulatory basis of accounting) are defined as General and Special Revenue.

General Fund - The General Fund is the general operating fund and is used to account for all financial resources except those required to be reported in another fund.

Special Revenue Fund - the Special Revenue Fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Special Revenue Fund includes federal revenues and related expenditures, restricted for specific educational programs or projects, including the District's food services operations. The Special Revenue Fund also includes transfers from the general fund to supplement such programs.

Other governmental funds, presented in the aggregate, consist of the following:

Capital Projects Fund - The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets. The Capital Projects Fund excludes those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

Debt Service Fund - The Debt Service Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Fiduciary Funds types include the following:

Agency Funds - Agency Funds are used to report resources held by the reporting government in a purely custodial capacity (assets equals liabilities).

d. Interfund Receivables and Payables

Interfund receivables and payables result from services rendered from one fund to another or from interfund loans.

e. Capital Assets

Information on capital assets and related depreciation is reported in the accompanying schedule of capital assets. Capital assets are capitalized at historical cost or estimated historical cost, if actual data is not available. Capital assets purchased are recorded as expenditures in the applicable fund at the time of purchase. Donated capital assets are reported at fair value when received. The District capitalizes all capital assets with the exception of library holdings.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Land	N/A
Land improvements	15-20 years
Building and improvements	7-50 years
Furniture, fixtures, and equipment	5-20 years
Vehicles	8-10 years

f. Fund Balance Classifications

Fund balances are categorized as follows:

Nonspendable Fund Balance - represents amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance - represents amounts that are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through bond covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance - represents amounts that can be used only for the specific purposes determined by formal action of the District's highest level of decision making authority (the Board of Education).

Assigned Fund Balance - represents amounts that are constrained by the District's *intent* to be used for specific purposes, but are neither restricted nor committed.

Unassigned Fund Balance - represents amounts that have not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. This classification can also include negative amounts in other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

FORT SMITH SCHOOL DISTRICT #100

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022

1. Summary of Significant Accounting Policies

g. Fund Balance Policies and Procedures

The Superintendent, in conjunction with other management and accounting personnel, is authorized to assign amounts to a specific purpose. The District's Board of Education has not adopted a formal policy addressing the authorization.

The District's revenues, expenditures, and fund balances are tracked in the accounting system by numerous sources of funds. The fund balances of these sources of funds are combined to derive the District's total fund balances by fund. It is uncommon for an individual source of funds to contain restricted and unrestricted (committed, assigned, or unassigned) funds. The District does not have a policy addressing whether it considers restricted or unrestricted amounts to have been spent when expenditures are incurred for purposes for which both restricted and unrestricted amounts are available. District personnel decide which resources (source of funds) to use at the time expenditures are incurred. For classification of fund balance amounts, restricted resources are considered spent before unrestricted. The District does not have a policy addressing which resources to use within the unrestricted fund balances when committed, assigned, or unassigned fund balances are available. When expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, committed amounts are reduced first, followed by assigned amounts, and then unassigned amounts.

h. Revenue Recognition Policies

Revenues are recognized when they become susceptible to accrual in accordance with the RBA, except for property taxes (see below).

i. Property Taxes

Property taxes are levied in November based on property assessments made between January 1 and May 31 and are an enforceable lien on January 1 for real property and June 1 for personal property. The tax records are opened on the first business day of March of the year following the levy date and are considered delinquent after October 15 of the same calendar year.

Amendment No. 74 to the Arkansas Constitution established a uniform minimum property tax millage rate of 25 mills for maintenance and operation of public schools. Arkansas Code Annotated 26-80-101 provides the uniform rate of tax (URT) shall be assessed and collected in the same manner as other school property taxes, but the net revenues shall be remitted to the State Treasurer and distributed by the State to the county treasurer of each county for distribution to the school districts in that county. For reporting purposes, URT revenues are considered property taxes.

FORT SMITH SCHOOL DISTRICT #100

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022

1. Summary of Significant Accounting Policies

j. Budgetary Information

The District is required by state law to prepare an annual budget. The annual budget is prepared on a fiscal year basis. The District does not prepare and submit amended budgets during the fiscal year. The State Department of Education's regulations allow for the cash basis or the modified accrual basis. However, the majority of the school districts employ the cash basis.

The District budgets intra-fund transfers. Significant variances may result in the comparison of transfers at the Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General and Special Revenue Funds - Regulatory Basis because only interfund transfers are reported at the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds - Regulatory Basis.

Budgetary perspective differences are not considered to be significant, because the structure of the information utilized in preparing the budget and applicable fund financial statements is essentially the same.

k. Encumbrances

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

l. Non-Monetary Transactions

Non-monetary transactions are reflected in these financial statements at their fair value. During the fiscal year ended June 30, 2022, commodities were received by the District in the amount of \$591,412.

m. Stabilization Arrangements

The District's Board of Education has not formally set aside amounts for use in emergency situations or when revenue shortages or budgetary imbalances arise.

n. Minimum Fund Balance Policies

The District's Board of Education has not formally adopted a minimum fund balance policy.

Bonds

The District issues general obligation bonds to provide funds for the acquisition, construction, and operation of major capital facilities and to refund general obligation bonds. General obligation bonds are direct obligations and are secured by the full faith, credit and resources of the District and all its revenues from whatever source derived (which are legally pledgeable). Each issue contains an option requiring bonds to be called in inverse numerical order for redemption prior to maturity.

The District is required with the 2005, 2011, and 2012 QZAB issues and all of the QSCB issues to establish a sinking fund that will be funded on the anniversary date of the issues as prescribed in the agreements. The District deposits specified amounts annually into each sinking fund for the term of the bonds. These amounts plus interest earned will be used to retire the debt when due.

The following is a summary of the District's long-term debt activity for the year ended June 30, 2022:

Security for Bond Payments

Arkansas Code Annotated § 6-20-1204 specifies procedures to be followed if a school district is delinquent in a payment to the paying agent for bonded debt. As additional security, any delinquent payment for bonded debt will be satisfied by the Division of Elementary and Secondary Education (DESE). Depending on the date of the bond issue, DESE will recover the full amount of any delinquency payment through the withholding of a school district's state funding or a direct payment from the school district. There were no delinquent bond payments incurred by the District during the audit period.

6. Bond Refunding

On August 24, 2021, the District issued refunding bonds of \$93,395,000 with interest rates ranging from 1.00% to 3.00% to refund \$86,265,000 of outstanding construction bonds dated August 15, 2018. The interest rates of the bonds refunded ranged from 3.00% to 4.00%. Net bond proceeds of \$93,550,779 were remitted to an escrow agent to provide all future debt service payments for the bonds refunded. The balance outstanding on the defeased bonds was \$84,315,000 at June 30, 2022. The issuance of the new bonds did not extend the maturity of the original bonds. Bond issuance costs associated with the refundings totaled \$1,763,188. The issuance of these bonds will result in savings of approximately \$4.7 million to the District over the life of the bonds.

9. Pledged Revenues

The District has pledged a portion of its property taxes to retire bonds totaling \$143,575,000 from November 4, 2009 through August 24, 2021. The bonds were issued for various capital projects. The principal and interest remaining on the bonds is \$189,201,644, payable through February 1, 2050. Principal and interest paid for the current year and total property taxes pledged for debt service were \$3,756,182 and \$21,061,166 respectively. The percentage of property taxes pledged for the current year for principal and interest payments was approximately 40.6%

10. Insurance Recoveries

The District received insurance recoveries totaling \$791,306 during the year for storm damage at one of the elementary schools and for vehicle and property repairs.

11. Employee Retirement Systems and Plans

The District participates in two employee defined benefit pension plans as follows:

Arkansas Teacher Retirement System

The District contributes to the Arkansas Teacher Retirement System (ATRS), a cost-sharing multiple-employer defined benefit pension plan that covers all Arkansas public school employees, except certain nonteachers hired prior to July 1, 1989. ATRS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Benefit and contribution provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Teacher Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for ATRS. The report may be obtained by writing to ATRS, 1400 West Third Street, Little Rock, AR 72201 or by calling (800) 666-2877.

Funding policy: ATRS has contributory and non-contributory plans. Contributory members are required by law to contribute 6.75% of their salary. Each participating employer is required by law to contribute at a rate established by the Arkansas General Assembly. The current employer rate is 14.75%. The District's contributions to ATRS for the years ended June 30, 2022, 2021 and 2020 were \$15,146,769, \$14,846,154, and \$14,042,471, respectively.

Net pension liability: The Arkansas Department of Education has stipulated that, under the regulatory basis of accounting, the requirements of Governmental Standards Board Statement No. 68 would be limited to disclosure of the District's proportionate share of the collective pension liability. The District's proportionate share of the collective net pension liability at June 30, 2021 (most recent actuarial valuation date and measurement date) was \$86,985,868.

Arkansas Public Employees Retirement System

The District participates in the Arkansas Public Employees Retirement Districts (APERS). APERS is a cost-sharing, multiple employer, defined benefit pension plan that covers certain nonteaching Arkansas public school employees hired before July 1, 1989. APERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit and contribution provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Public Employees Retirement system issues a publicly available financial report that includes financial statements and required supplementary information for APERS. That report may be obtained by writing to Arkansas Public Employees Retirement System, One Union National Plaza, 124 W. Capitol, Little Rock, Arkansas 72201 or by calling (800) 682-7377.

Funding Policy: APERS has contributory and non-contributory plans. Contributory members are required by law to contribute 5% of their salary. Each participating employer is required by law to contribute at a rate established by the Arkansas General Assembly. The current statutory employer rate is 4% of annual covered payroll. The District's contributions to APERS for the years ended June 30, 2022, 2021, and 2020, were \$4,301, \$5,935, and \$7,474, respectively.

Net pension liability: The Arkansas Department of Education has stipulated that, under the regulatory basis of accounting, the requirements of Governmental Standards Board Statement No. 68 would be limited to disclosure of the District's proportionate share of the collective pension liability. The District's proportionate share of the collective net pension liability at June 30, 2021 (most recent actuarial valuation date and measurement date) was \$14,915.

12. On-Behalf Payments

The allocation of the health insurance premiums paid by the Arkansas Department of education to the Employee benefits Division, on behalf of the District's employees, totaled \$3,386,439 for the year ended June 30, 2022.

13. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the District carries commercial insurance.

The District participates in the Arkansas School Board Association - Workers' Compensation Trust (the Trust), a self-insurance trust voluntarily established on July 1, 1994 pursuant to state law. The Trust is responsible for obtaining and administering workers' compensation insurance coverage for its members, as well as obtaining reinsurance coverage for those claims that exceed the standard policy limits. In its administrative capacity, the Trust is responsible for monitoring, negotiating and settling claims that have been filed on behalf of and against member districts. The District contributes annually to this program.

13. Risk Management (continued)

Additionally, the District participates in the Arkansas School Boards Association - Risk Management Program (the Association), a self-insurance program voluntarily established on February 1, 1984 pursuant to state law. The Association is responsible for obtaining and administering insurance coverage for property and vehicles for its members, as well as obtaining reinsurance coverage for those claims that exceed the standard policy limits. In its administrative capacity, the Association is responsible for monitoring, negotiating, and settling claims that have been filed against member districts. The District pays an annual premium for its coverage of building and contents.

Settled claims have not exceeded coverage in any of the past three fiscal years. There were no significant reductions in insurance coverage from the prior year in the major categories of risk.

14. Vision 2023 Capital Improvement Plan

The District commenced the renovations, additions, and improvements to the Southside and Northside High School campuses during the 2019-2020 school year. These projects were part of the Vision 2023 strategic plan named the "Vision 2023 Capital Improvement Plan" (V23CIP). Improvements and renovations include new secure entry/office and media; ninth grade centers; new cafeterias and kitchens; and remodeling of existing administrative space, media centers and cafeterias to classrooms; enclosed corridor between buildings; the addition of four storm shelters; and new competition arenas at both campuses.

The Vision 2023 strategic plan also includes the reconfiguration of grades within the District effective the 2021-2022 school year. Ninth grade students successfully moved to the ninth grade centers on the high school campuses. The four junior high schools were renamed as middle schools and added sixth grade students.

Funding for the renovations and improvements include the \$90 million bond issue of August 2018 that was refunded in August 2021 (see Note 6) and the \$31 million bond issue of June 2020. Both bond issues were funded by the 2018 voter-approved millage increase. Other funding sources included Arkansas "partnership" program funds, interest earnings, debt service savings from bond refinancing, and a variety of grants and contributions from the community. The total cost of the V23CIP was almost \$134 million with the District incurring approximately \$30 million of costs during the fiscal year ended June 30, 2022, and the remaining \$0.6 million paid subsequent to year end. The V23CIP was placed into service as a completed project in the fall of 2022.

15. COVID-19

The Coronavirus Disease 2019 (COVID), declared by the World Health Organization as a pandemic in March 2020, continues to cause worldwide economic disruption and uncertainty. The related adverse public health developments, including orders to shelter-in-place, travel restrictions, and mandated business closures, have adversely affected workforces, organizations, their customers, economies, and financial markets globally, leading to increased market volatility and disruptions in normal business operations everywhere.

15. COVID-19 (continued)

The District has seen no reduction of State Foundation Funding Aid, state categorical funding from the state or federal funding since the onset of the pandemic.

The District continued to exercise waivers to produce "grab and go" meals, free to students, from all nineteen elementary schools during off-site learning days. These waivers include a program to provide to provide free meals (breakfast and lunch) to students for the school year. All regulated meals were reimbursed with federal funds.

Arkansas public school districts received federal funds known as Elementary and Secondary School Emergency Relief (ESSER) funds. ESSER funds are released under federal legislation that included the Coronavirus Aid, Relief and Economic Security Act of 2020 (CARES Act), the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 and the American Rescue Plan (ARP) Act of 2021. Funds from these Acts were allocated to the District as ESSER, ESSER II and ESSER III respectively. The total allocation exceeded \$59 million to be obligated and spent in a time period that covers fiscal years ending June 30, 2020 through June 30, 2024.

These ESSER funds are allocated to reimburse the District for a variety of costs including the sanitation and cleaning of schools, technology for remote learning, the recovery any student "loss of learning" and a variety of other qualifying expenditures. The District is and has been targeting these allocations purposefully over these school years, adhering to federal and state regulations.

Through November 2022, there have been no staffing shortages or school closures. K-12 enrollment held steady compared to the previous year with 13,829 students as of October 3, 2022. Students and parents had a virtual school option throughout the District with over 2,000 students learning virtually in 2020-2021. The virtual school option continued in 2021-2022 with an enrollment of approximately 200 students. The virtual school was awarded a "charter" designation in 2022-2023 and will be reported as a separate school of the District with an enrollment of 79 students on October 3, 2022.

16. Subsequent Events

The District has evaluated events and transactions for subsequent events that would impact the financial statements for the year ended June 30, 2022 through November 30, 2022, the date the financial statements were available to be issued.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE YEAR ENDED JUNE 30, 2022

Note A - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Fort Smith Public Schools under programs of the federal government for the fiscal year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Fort Smith Public Schools, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

Note B - Summary of Significant Accounting Policies

1. This schedule of expenditures of federal awards includes the federal program activity of Fort Smith Public Schools and is presented on the regulatory basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
2. Fort Smith Public Schools has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.
3. Non-monetary assistance is reported at the approximate values as provided by the Arkansas Department of Human Services.

Note C - Subrecipient Awards

Of the federal expenditures presented in this schedule, Fort Smith School District #100 provided federal awards to subrecipients as follows:

<u>Program</u>	<u>Assistance Listing Number</u>	<u>Subrecipient</u>	<u>Amount Provided</u>
----------------	----------------------------------	---------------------	------------------------

No awards were provided to subrecipients

ADDITIONAL REQUIRED REPORTS

**Independent Auditor's Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With *Government Auditing Standards***

To the School Board
Fort Smith School District #100
Fort Smith, Arkansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major governmental fund, and the aggregate remaining fund information of the Fort Smith School District #100 as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's regulatory basis financial statements, and have issued our report thereon dated November 30, 2022. We issued an adverse opinion because the District prepared the financial statements on the basis of the financial reporting provisions of the Arkansas Code, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material. However, the financial statements present fairly, in all material respects, the respective regulatory basis of accounting financial position of each major governmental fund and the aggregate remaining fund information of the District as of June 30, 2022, and the respective regulatory basis changes in financial position thereof and the respective regulatory basis budgetary comparison for the general and special revenue funds for the year then ended, on the basis of accounting described in Note 1.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory basis financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the regulatory basis financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's regulatory basis financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

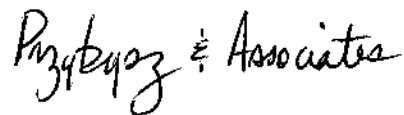

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given those limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's regulatory basis financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of the state constitution, state and federal laws and regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

To the School Board
Fort Smith School District #100
Little Rock, Arkansas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Fort Smith School District #100's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Fort Smith School District #100's major federal programs for the year ended June 30, 2022. Fort Smith School District #100's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Fort Smith School District #100 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Fort Smith School District #100 and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Fort Smith School District #100's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Fort Smith School District #100's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Fort Smith School District #100's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Fort Smith School District #100's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Fort Smith School District #100's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Fort Smith School District #100's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Fort Smith School District #100's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report On Compliance With Arkansas State Requirements

To the School Board
Fort Smith School District #100
Fort Smith, Arkansas

We have examined management's assertions that the Fort Smith School District #100 substantially complied with the requirements of Arkansas Code Annotated § 6-1-101 and applicable laws and regulations listed on Arkansas Department of Education form OCI 95-96 during the year ended June 30, 2022. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was made in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2022.

This report is intended solely for the information and used of the School Board, management, and the Arkansas Department of Education and is not intended to be and should not be used by anyone other than these specified parties.
